KAMLESH BARGAL

HTML Developer | Frontend Web

Pune, India • +91-9209962961 • kamleshbargal28@gmail.com •Linkedin • github

PROFESSIONAL SUMMARY

HTML developer with hands-on experience building responsive, user-friendly web pages using HTML5, CSS3, and JavaScript. Built and deployed a complete online shopping website with product listings, a working cart, and a checkout flow, hosted live on Google Cloud Platform. Also familiar with TypeScript, Angular, REST APIs, and SQL, with a strong analytical mindset from data-focused work. Looking to build clean, responsive web interfaces as part of a development team.

SKILLS

Core Web: HTML5, CSS3, Responsive Web Design, JavaScript

Frameworks & Languages: Angular, TypeScript, Python, SQL

Web & APIs: REST APIs, Shopping Cart & Checkout Flows

Databases: MySQL, PostgreSQL

Tools & Hosting: Git, GitHub, VS Code, Google Cloud Platform, Linux

PROJECTS

Online Clothes Shopping Website — HTML5, CSS3, JavaScript, GCP *Personal Project | Present*

- Built a fully responsive e-commerce website with clean, semantic HTML5 and CSS3 that adapts to mobile, tablet, and desktop screens.
- Created product listing pages so users can browse clothing items in an easy-to-scan layout.
- Implemented a working shopping cart with JavaScript, letting users add and remove items and see updated totals.
- Developed a complete checkout flow, taking the user from cart review to order placement.
- Deployed and hosted the website on Google Cloud Platform, making it publicly accessible; managed code with Git and GitHub.

AI Chat Agent — Python, NLP Libraries, APIs *Academic Project | B.Tech Final Year*

- Built an AI chat agent that understands user queries written in natural language and replies with relevant answers.
- Used Python and NLP libraries to process and interpret user input, and integrated APIs to generate and fetch responses.
- Tested the agent with a variety of questions and refined its responses to improve accuracy.

EXPERIENCE

Data Analyst Intern — Kiran Academy *Jan 2026 – Aug 2026*

- Cleaned and transformed raw datasets using Excel and SQL, improving data accuracy and consistency.
- Built interactive Power BI dashboards to track key metrics and support faster decision-making.
- Analysed trends and presented findings and recommendations to the team.

EDUCATION

B.Tech, Computer Science Engineering — Shreeyash College of Engineering and Technology *Jul 2023 – Jun 2026*

CGPA: 7.54

Diploma in Computer Engineering — Institute of Engineering and Technology, Polytechnic, Kannad *Jul 2020 – May 2023*

Percentage: 78%
